

## **Mayors Charity 2007/08**

### **CAN YOU ACCEPT THE CHALLENGE AND STEP ON UP TO HELP US?**

We are a small Twickenham based charity which aims to enable adults with learning disabilities to gain independence away from a college or day centre environment. Our participants run a happy and vibrant small business designing, making and selling a range of items including greetings cards and bookmarks with the support of two project staff.

#### **We are looking for three new people to strengthen our board of trustees.**

Our trustees are a vital part of our organisation, responsible for ensuring that we are effectively run and for leading us into the future.

Trustees need to be able to offer around four hours a month and be able to attend monthly meetings in the Twickenham area. An induction into trusteeship is provided.

We welcome applications from anyone interested in furthering our work, especially people with business, legal or financial skills.
